

P.G.Teaching Programe

Message from IOA PG teaching program:

On behalf of the Institute of Orthopedics and Traumatology, Madras Medical College, we take great pleasure in welcoming you all to the IOACON-2012 POSTGRADUATE TEACHING PROGRAM.

This course is being conducted every year as a part of IOACON for the benefit of postgraduates and young orthopedic surgeons. This year the venue will be Madras Medical College- one of the premier institution of our country- where all varieties of clinical cases can be seen. This one day course will not have any didactic lecture. It will consist of short video demonstrations of clinical signs by eminent faculties for two hours. It will be followed by elaborate clinical case discussions/presentations with eminent national and international faculties for the rest of the day. We are leaving no stone unturned to make sure that each one of the participants will not only be able to clear all their doubts but also get valuable tips/guidances to clear the examinations. We request everyone to make the most out of this initiative.

With warm regards,

Dr.V.Singaravadivelu

Dr.B.Chokkalingam

Dr.N.Nazeer Ahmed

Dr.Gopinath Menon

Organizing team, IOACON 2012 PG teaching program
