Clinical Experience

- Consultant in Trauma & Orthopaedics for 33 years.
- Wide experience in Trauma, General Orthopaedics, Children's Orthopaedics and Hand Surgery at Bangor and Oswestry.
- Since moving to London in 1995, my clinical work is largely Children's Orthopaedics. My practice at Great Ormond Street Children's Hospital includes secondary and tertiary referrals involving common, rare and complex problems. My experience includes CDH, Clubfoot, cerebral palsy, Perthes' disease, slipped upper femoral epiphysis, congenital malformations including bladder exstrophy, arthrogryposis, skeletal dysplasias, metabolic bone disease, musculo-skeletal infection and reconstructive trauma. I also undertake adolescent orthopaedics and maintain a limited adult practice in general orthopaedics along with continuing care for patients who outgrow GOSH.
- Wide experience in medico-legal work, both in relation to personal injury and medical negligence.
