

CURRICULUM VITAE

NAME: Jean-Louis BRIARD, M.D., Orthopaedic Surgeon

BIRTH DATE: September 9, 1942

BIRTH PLACE: Cambernon, Manche, France

CITIZENSHIP: French

MARITAL STATUS: Married

DEPENDANT: Wife

HOME ADDRESS: 7 rue des Fougères, Mont-Saint-Aignan, 76130, France

OFFICE ADDRESS: Clinique du Cèdre, Bois-Guillaume, 76235 Cedex, France

1967: Graduated M.D. in Paris VII University

1968-69: National Service in Peking China (French Embassy)

1969-74: Residency in Surgery in Paris (Cauchoix, Witvoët, Méary)

1974: Passed E.C.F.M.G. (USA)

1974-75: Senior Resident in Orthopedic Surgery with J.E.Hall at the Children's Hospital, Boston, Harvard University, USA

1975-77: Assistant of Professor J. Cauchoix, Paris

1977: Stay of 3 months with Professor H. Verbiest, Utrecht, Holland

1978-79: Assistant in Institut Calot, Berck-plage (Scoliosis and Adolescent Center)

1979-81: Assistant of Professor J. Cauchoix, Paris

1981- : Private Practice, Orthopedic Surgery (Knee, Spine, Sports) in Rouen. 800 cases a year. Since 1987 only knee practice (sports and degenerative)=

MEMBER OF SOCIETIES:

- The International Society for the Study of the Lumbar Spine (1977-1989)
- The Herodicus Society (Sports Medicine) (1985-)
- La Société Française de Chirurgie Orthopédique et Traumatologique (1992-)
- The American Academy of Orthopaedic Surgeons (2004-)
- ESSKA (2010-)
- European Knee Associates (2010-)
- American Knee Society (2011-)

ARTICLES:

- Report on Chinese Medicine, Foreign Office, 1969
- Tibial Fracture associated with proximal Tibio-fibular Dislocation, Thesis, Paris, 1974
- Chymonucleolysis, Review Article, Encyclopédie Médico-Chirurgicale, n°2, p.27-29, Paris, 1979
- Report on a 15 month stay in North America, Rev. Chir. Orthop., Sup 11, T.62, p. 149-150, 1976
- Pauwels' Varisation Osteotomy in early Osteoarthritis of the Hip, 10 years Follow-up, Rev. Chir. Orthop., T.64, n°7, 1978
- XRays Results, J-L.Briard, A.Lemoine, B.Lassale, J.Cauchoix, p.539-545
- The Lateral View in Pauwels' Osteotomy: A.Lemoine, J-L.Briard, B.Lassale, p.558-564

- **Adult Lumbar Scoliosis: J-L.Briard, D.Jegou, J. Cauchoix, Spine, Vol.4, n°6, 526-533, 1979**

Navigation in TKR Post graduate course in Gent 26 october 2004

- Valgus knee International Symposium at Current concepts and advancements in the management of knee disorders Larissa Greece 4 december 2004

- Co-organizer of the Summer Institute on TKR for French residents (Paris: 21-23 septembre 2005) From ligament repair to total knee replacement/ Total knee replacement in fixed genu valgum. Unicompartmental knee replacement with miniinvasive surgery. Mobile bearing total knees: for everybody?.

- Influence of soft tissue balancing on total knee replacement performance. Knee arthroplasty: Engineering functionality. I MechE, The royal college of surgeons, London 7-9 april 2005

- The use of sliding lateral condylar osteotomy in fixed genu valgum at the Hamburg meeting on "knee joint and spine" June 16-18th 2005

- The future of navigation in total knee replacement. EFORT Lisboa 4-7 june 2005

- The sliding condylar osteotomy in TKA for fixed genu valgum. Kongress OTA, Konstanz 16 july 2005

- The Asian Pacific Arthroplasty Society: 7th annual conference. TKA: soft tissues problems. Severe valgus deformity. TKR after HTO. Goa, India 25-28 august 2005

- Roadshow China 23 october- 3 november 2005

- IOACON meeting Mumbai December 2005. Balancing gross valgus. Modularity will stay. Soft tissue balancing: the suspenders technique.

- Chongqing meeting 27-30 october 2007

- Mobile bearing total knees, fixed genu valgum: the sliding lateral condylar osteotomy. The unicompartmental knee replacement. Hôpitaux Universitaires de Genève Suisse 26-27 january 2006

-Knee course Mobile bearing total knee : concept, LCS personal experience, Genu valgum live surgery, Annecy, France. 15-17 march 2006

- Roadshow in China 21-28 april 2006

- Genu valgum: Indication for sliding lateral condylar osteotomy. Mobile bearing knee: the LCS concept. Heidelberg Germany. 8-9 september 2006

- Roadshow in Malaysia 6-11 october 2006

- APAS meeting Shanghai, China. 12-15 october 2006

- Roadshow China 15-18 october 2006

- Roadshow Hong Kong China 18-20 october 2006

- Roadshow China 11-25 november 2006

- Beijing COA November 2006

- Surgical site infections in orthopedics: mechanism and prevention Symposium. San diego USA 12 february 2007

- Roadshow China. 11-22 april 2005

- Roadshow in Thailand 9-19 june 2007 including 2 day meeting on mobile bearing knees.

- Roadshow in Malaysia 20-27 june 2007

- Roadshow China 23 july 3 august 2007

- LCS 30th anniversary Dublin: Are all Mobile Bearing knees the same? Use of the sliding lateral condylar osteotomy in fixed genu valgum: rationale and surgical technique, September 2007.
- Surgical site infections in orthopedics: mechanism and prevention Lille France 30 october 2007
- ISTA Paris meeting October 2007: Mobile bearing knees 30 years of experience, what has been proven? Report of 319 primary LCS Rotating Platform with 10-15 year follow-up, Clinical experience with the sliding lateral condylar osteotomy in the treatment of fixed genu valgum with 5 years minimum follow-up.
- Roadshow China November 2007
- Mobile bearing knees: concept and classification, the sliding lateral condylar technique in the treatment of fixed genu valgum Zhenzhou COA November 2007
- Surgical site infections in orthopedics: mechanism and prevention Marseille, France December 2007
- Roadshow in China 18-31 january 2008
- Arthroplastie du genou de première intention, Avignon France 7-8 february 2008 : Morphotypes et axes prothétiques. J-L Briard, G Polle. Prothèse LCS : qu'est-ce qui est prouvé ? Expérience de la LCS à plateau rotatoire avec un suivi de 10 à 15 ans, JL Briard, J Boldt, G Lin, P Witoollkolachit, J Zahlaoui, Surveillance radio-clinique d'une prothèse totale de genou JL Briard, F Gérémy, P Witoolkollachit, J Zahlaoui
- TKA technique and experience in France Surgical course : shoulder and knee, Tarvisio, Italia, 21-24 february 2008
- Surgical site infections in orthopedics: mechanism and prevention Symposium. San Francisco USA 06 march 2008
- LCS rotating platform personal experience, 10-15 year follow-up. Société française de hanche genou, Paris 29 mars 2008
- Roadshow to Malaysia 19-27 april 2008
- Roadshow to India 2-19 may 2008 including Coimbatore meeting: Painful TKR, Ligament balancing: the hard way to success, Extraarticular deformity in total knee replacement
- Surgical site infections in orthopedics: mechanism and prevention Caen, France 29 may 2008
- Difficult cases: TKR in severe fixed valgus knees EFORT meeting Nice 29 may 2008
- Roadshow in China 3-17 june 2008 including JiShuiTan meeting in Beijing (6-8 june): Achieve "perfect" soft tissue balance in primary TKR; Evaluate painful TKR; Replace a knee with extraarticular deformity.
- Patellar kinematics during computer-assisted TKA. C.Anglin, E.Stindel, JL.Briard, C.de Lambilly, C.Plaskos, E.Nordwell, KCT.Ho, C.Roux at the CAOS meeting in 2008 and at the ORS 2009
- LCS course: Use of lateral approach in genu valgum, preventing instability in valgus knees without release of the LCL, genu valgum type 2, extraarticular deformity. Amsterdam 20 may 2009
- TKAin 2009 I Mech meeting London. Personal results of multicompartmental arthroplasty, total knee alignment 29 may 2009
- TKA revision course in Bangkok: genu valgum type 1 & 2, Infected TKA, revision TKA with mobile bearing and sleeve 12september 2009
- TKA classic: Why to keep on going with this? ATOS Heidelberg 26 september 2009

- Genu valgum course Live surgery, talks and cadaveric dissection. Kirchberg 1009
- ISTA Hawai 23-24 october 2009
- Genu valgum type 2 with medial laxity: treatment with unconstrained prosthesis and reconstruction of the medial collateral ligament; EKA Barcelona 27 november 2009
- Vision: what will be Total knee replacement in 15 years? Barcelona 28 november 2009
- Prevention of SSI in TKR ESSKA Oslo 2010
- Questioning tibial cut first for sound mechanics in TKR. Femur first & Custom made implants Poster ISTA Brugge 20-23 september 2011
- TKR the sagittal and the transverse plane Annecy 30 september 2011
- Symposium on TKA in 2000 Multicenter study. SOFCOT Paris 10 november 2011
- Learning center LCS Hamburg. Genu valgum type 1. Extraarticular deformity in TKR. TK revision: bone loss and preservation of the joint line. 17-18th November 2011
- Ligament balancing Step by step release: introduction. Is there a place for mobile bearing in revision? At the osteoarthritic knee Best current practice in Europe. European Knee Associates Vienna 24-26 november 2011

- 4 to 6 roadshows annually in China, Malaysia and Thailand

VISITS TO ORTHOPEDIC SURGEONS:

- in Argentina: M. Obaid
- in Canada: R.Jackson, J.Mac Culloch, I.Mac Nab, E.Simmons, W.Stanish, M.Tile
- in England: D.Dandy, R.Duthie, J.Goodfellow, G.Houghton, J.O'Brien, P.Walker
- in Holland: H.Verbiest, K. Hamelynck
- in Italy: R.d'Anchise, C.Orso
- in USA: J.Andrews, M.Blazina, D.Bradford, F.Buechel, W.Clancy, G.Engl, F.Ewald, J.Fox, G.Gartsman, R.Gaspari, J.Hall, D.Hungerford, J.Insall, F.Jobbe, L.Johnson, L.Jordan, P.Keblish, K.Krackow, S.Lipson, L.Micheli, C.Neer, C.Ranawat, R.Scott, S.Snyder, T.Thornhill, T.Whipple, J.Wiedel
- in Sweden: A.Nachemson, A. Stenström

Training of fellows:

- sports medicine B.Rask MD 5:93
- knee surgery: Dr NIU Xiao Hui 20-7-1996 20-1-1997
 - Dr GUO 7-1997 10- 1997
 - Dr WANG You 2-1998 8-1998
 - Dr YANG LIU 2-1999 8-1999
 - Dr Polawat WITOLKOLLACHIT 1-2201 9-2201
 - Dr Shizhencai
 - Dr Guo Lin
 - Dr Cai Xu 7 to 9 2006
 - Dr Kitiya
 - Dr Kitimasa

Dr Thana Narinsorasak
Dr.Theera Rojpornpradist
Dr Pongsak Yuktanandana
Dr Liu Yu jie
Dr Chen Yijing 8 to 11-2007
Dr Sompoo (July 2011)

VISITS TO:

- Viet-Nam in june 1981 with a French Delegation to evaluate Handicaped People in Viet-Nam
- German Democratic Republic in june 1983 for an Exchange in Sports and Sports Medicine
- Algeria, Bolivia and Argentina for several Weeks for Teaching and Surgery to organize an Exchange Program
- China: Ji Shui Tan Hospital; Post and Telecommunications Hospital, Beijing; PLA General 301 Hospital Beijing; Shanghai, PLA hospital Chongqing, Chengchow, Guangzhou, Chengdu, Fuzhou, Hangzhou, Harbin, Nanjing, Ninxia, Shengyang, Suzhou, Taqing, Urumqi, Xian, Yantai, Zhengzhou.
- India: Apollo hospital, Chennai, Delhi; All Medical Sciences Institute, Dehli; Mumbai, Chennai, Calcutta, Pondichery, Amritsar, Hyderabad, Bangalore, Jaipur, Mangalore, Pune.
- Sri Lanka: Colombo
- Thailand: visit to Dr Suriyapong, Chumprokiet, Polawat Witoolkollachit
- Malaysia: Kuala Lumpur, Malacca, Kuching
